

*Come and See...*

**Come and See.** That was Jesus' invitation to the first two disciples. No big words, no grand theology, no binding commitments. Just an invitation.

This year, we're going to begin reading the story of Jesus from scratch. We'll start in the beginning and listen each week for the simple message. Jesus' message is practical, and all about how to live the best possible life. Our lives are the sum of the choices we make with what we have. Jesus' message is for those wanting to make great choices.

So, **come and see** a place where persons and families can **grow** and lead lives of **significance**. That is our vision.

We've found that some of our best experiences started when we said yes to an invitation. We invite you to join us as we read the story of Jesus.

Who is Jesus? What did he say? How did he live?  
What about his story impacts my story?
