Things needed to help these soldiers:

- **Hygiene products** – foot spray and powder, baby wipes, feminine products, soap, toothpaste, toothbrush, hair brush, antibacterial gel, eye drops, skin lotion, air freshener, white socks, insoles
- **Food** – canned food (tuna, ham, Vienna sausages, sardines), jerky, ramen noodles, rice, microwave popcorn, dried fruit, trail mix, protein bars, crackers, cheese, microwave meals ( non perishable), chewing gum, cup of noodles, pop tarts, granola bars, plastic eating utensils
- **Drinks** – crystal light mixes, Gatorade, tea bags, protein mixes
- **Activities** – magazines, crossword puzzles, board games, decks of cards, dominoes, books (used or new), paper, pens, pencils, envelopes

Chris Ryan is going to mail the packages once everything is collected. You may write letters to put in the packages. Just address them to “Any Male Marine” or “Any Female Marine”, or you can send them on your own. They will be handed out to the ones that don’t get mail. Put your return address in the contents of the letter. Have children draw pictures or write as well. The moral is down for this unit and they need lifting! They live in a tent. They have access to microwave and rice cooker but no fridge, which is something they have requested. Maybe we can try to get them one once we have made contact to see if they are still in need. As of right now, all they have been living off of are MRE’s. If you have any questions, please feel free to ask Kim Ryan. She can be reached at 706-582-3518.
